

ECMS 2011 (Potsdam, Germany)

Come and participate in the

7th European Conference on Mineralogy and Spectroscopy

to be held

4th - 7th September, 2011

at

**German Research Centre
for Geosciences**

GFZ

**Helmholtz Centre
POTSDAM**

Deadlines

April 4th, 2011

Grant application including submission of
abstracts for grant applicants

May 2nd, 2011

Submission of abstracts

Registration and payment of registration fee

October 15th, 2011

Submission of manuscripts related to the
conference to be published in the European
Journal of Mineralogy in 2012

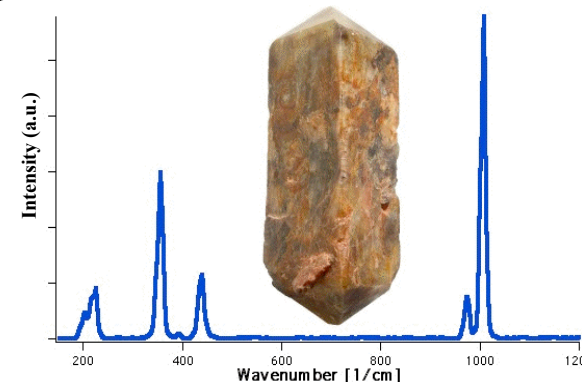

Organizing committee

Monika Koch-Müller (Chair)

Matthias Gottschalk

Hans Josef Reichmann

Max Wilke

Scope

Modern geosciences are not imaginable
without spectroscopic methods. Application
of ex- and in-situ spectroscopy has become
a routine to solve mineralogical and
petrological questions. Participants are
asked to submit abstracts on topics related
to mineral spectroscopy. We look forward
to interesting presentations and spirited
discussions.

Program

On Sunday, September 4th, we start with
the registration from 5 - 8 pm and invite to
an Icebreaker Party from 6 to 9 pm
at the GFZ building H.

On Monday we will start with the 3 full
days scientific program with 2 plenary
lectures each day, talks and poster sessions.
On Tuesday evening a conference dinner is
planned.
